Dear Student,

Congratulations on gaining admission to IIT Delhi, one of the Premiere Institutes of this country and an Institute of Eminence. We have great pleasure in welcoming you to the Institute.

As you may be aware, hostel life is an essential element of life at IIT Delhi. In the hostel, you will form bonds and relationships that last a lifetime. Some of your most cherished memories will also be of the time spent in hostels.

Currently we have 12 hostels for men and 04 hostels for women on the campus. The students take care and manage most activities in the hostel including the mess and hostel maintenance. A wide variety of cultural, sports and literary activities are organized an inter hostel and intra hostel level. We invite you to take part actively in the activities of your choice.

While we have about 11000 registered students at IITD, the hostel capacity is only about 7000. Therefore, inevitably, it is not possible to allot a seat to everyone. However, we try our level best to accommodate as many students as possible within the campus as and when vacancies arise.

We once again extend a warm welcome to you and wish you enjoyable stay at IIT Delhi

(Arvind Nema)  
(Deepti Gupta)
