Monthly Newsletter of Corporate Relations - IIT Delhi

## Karam Safety Private Limited

To develop a Smart Monitoring System (SMS) to detect and alert users about unsafe conditions while working at height, Karam Safety Private Limited (KSPL), one of the leading global fall protection company, and FITT, an industry interface organisation at IIT Delhi, have recently signed a memorandum of understanding (MoU). The project under the MoU, which was signed under the aegis of the office of Corporate Relations, IIT Delhi, will be led by Prof. Husain Kanchwala, Centre for Automotive Research and Tribology (CART), and Prof. Sunil Jha, Department of Mechanical Engineering at IIT Delhi.

## Visit from Toshiba Software Team

Toshiba Software (India) Pvt. Ltd. (TSIP), a wholly owned subsidiary of Toshiba Group, has been at the forefront of developing cutting edge technologies and providing innovative software solutions. Mr. Rakesh Gupta - Engineering Director and Mr. Pradeep Bhagavath from TSIP visited Indian Institute of Technology, Delhi to meet the research fraternity working in Battery and AI-related research areas.

# COLLABORATION!

## CSR Support to Office of Accessible Education by Horiba India

A Memorandum of Understanding (MoU) was signed between IIT Delhi and HORIBA India, a subsidiary of the leading Japanese analytical group HORIBA Ltd., Kyoto to support students with disabilities. Signed under the aegis of the Office of Corporate Relations at IIT Delhi, the MoU will support the PwD students through the Office of Accessible Education (OAE) at IIT Delhi. The OAE is working on providing an inclusive environment for students with disabilities and takes care of extending special assistance ranging from academics to infrastructure requirements to the institute students. Under this Corporate Social Responsibility (CSR) support extended by HORIBA India, assistive devices, including hearing aids, braille embosser printers, keyboard trays, and braille signage, shall be provided to the students with disabilities with an aim to create a congenial environment for them to make their academic journey easy.

## United Nations Industrial Development Organisation (UNIDO)

United Nations Industrial Development Organisation (UNIDO), a specialized agency in the United Nations system with a unique mandate to promote and accelerate sustainable industrial development. UNIDO implemented the National Manufacturing Innovation Survey 2021 supported by the Department of Science and Technology, Govt, with an objective of assessing innovation performance and capabilities of the manufacturing firms and their systems of innovation. Under this, UNIDO signed a consultancy agreement with Prof. Husain Kanchwala, Assistant Professor in the Center of Automotive Engineering and Tribology. As per the agreement, Prof. Husain wrote a Chapter on Structure and Performance of Indian Automotive sector for this survey.
