COOKSON SCHOLARSHIP

Cookson India Private Limited, a wholly owned subsidiary of Element Solutions, Inc., demonstrated its commitment to education by providing generous CSR funding for the Cookson India Pvt. Ltd. Scholarship Program at the esteemed Indian Institute of Technology (IIT) Delhi. Element Solutions Inc. is a \$2.5 billion NYSE listed advanced materials and specialty chemicals company with operations in 50 countries. Business verticals of Element Solutions Inc. including MacDermid Alpha Electronics Solutions, MacDermid Enthone Industrial Solutions and MacDermid Graphics Solutions, operate in India. The scholarship will benefit two deserving students pursuing their education at IIT Delhi, empowering them to excel academically and fulfil their aspirations. We would like to express our sincere appreciation to Cookson India Private Limited represented by its Managing Director, Dr. Ravi Bhatkal, for his unwavering support and contribution towards this initiative. Cookson India's intention to give back to society and to empower the next generation of leaders is truly commendable. The Cookson scholarship represents a strong partnership between Cookson India Private Limited and IIT Delhi, emphasizing their shared commitment to education, social responsibility and creating a positive impact on society. It is through such collaborations that we can unlock the full potential of aspiring students and shape a brighter future for our nation.

VISIT BY TOYOTA MOTORS

Senior leadership team from Toyota Motors visited IIT Delhi on 10th July 2023 to meet research fraternity working in the space of Electric mobility and Connected vehicles. They were excited to learn about the research work happening in the Department of Computer Science and Engineering and Centre for Automotive Research and Tribology (CART) followed by a short tour of Research and Innovation park.

JAPANESE DELEGATION VISITS IIT DELHI FOR PROMOTING RESEARCH COLLABORATION

A distinguished Japanese delegation comprising over 60 delegates visited IIT Delhi on July 20th, 2023, as part of a collaborative effort facilitated by JETRO and Corporate Relations, IIT Delhi. This visit saw the participation of eminent officials from Ministers, METI, and JETRO, along with more than 44 representatives from various Japanese start-ups. The event commenced with a welcome address by the Director of IIT Delhi, followed by insightful remarks from the Dean of Research and Development and the Dean of International Programs. A comprehensive presentation was also delivered by the Chief Director General of JETRO, along with esteemed faculty members. Subsequently, an engaging Research and Innovation park visit allowed IIT Delhi's start-ups to showcase their projects and foster meaningful interactions with the Japanese delegation. This remarkable exchange between high-level management from both parties is anticipated to yield promising results in terms of research collaboration and mutual benefits.

JETRO

TCS COLLABORATION

Tata Consultancy Services, a key industry partner working closely with Corporate Relations, actively contributes to enhancing collaboration initiatives with IIT Delhi. The Joint Program Committee (JPC), held on 17th July 2023, played a pivotal role in guiding diverse engagements, reviewing collaborative efforts, and recommending strategic areas of collaboration for the upcoming year. TCS has also announced the result of its flagship Research Scholar Program (TCS RSP) and the following scholars have been selected for the fellowship from IIT Delhi:

1. Jangamreddy Nikhil Kumar (Guide: Prof. Chetan Arora)
2. Rajat Singh (Guide: Prof. Srikanta Bedathur)
3. Jyotismita Barman (Guide: Prof. Sandeep Kumar and Prof. Tapan Kumar Gandhi)
