

Kindly note the following information about a Spot Round for admissions to 2-Year M. Tech programmes of Department of Electrical Engineering, IIT Delhi.

Eligibility Clauses:

1. The Spot Round is NOT open to candidates who have accepted an offer in ANY COAP Round.
2. A candidate is eligible only for the EE M. Tech programs in which they have applied, satisfied the shortlisting criteria, and have NOT been offered a seat in any COAP Rounds.
3. If a candidate had been offered a seat for a particular M. Tech program (of EE Department) in any COAP Round, and the option of "Reject" or "Reject & Wait" was exercised by the candidate, the candidate LOSES eligibility to admission to the said program.

You MUST check your eligibility for the Spot Round as per the above clauses, and appear for the Spot Round ONLY if you are eligible.

Schedule of Spot Round:

Date : 18 July 2024
Reporting time : 9.30 AM
Venue : Committee Room, Department of Electrical Engineering, 3rd Floor, (Prefab), Block - III, IIT Delhi

Essential Requirements:

1. Candidates are expected to be present at the Spot Round Venue by the Reporting Time mentioned in the schedule.
2. Candidates are expected to be in possession of essential documents like (i) Proof of identity (ii) Proof of GATE score etc., which may be sought for verification purposes during the spot rounds and also during the joining process, in case of a successful offer.
3. It should be understood that the number of vacancies in a program/category may be less than the number of candidates. Hence, not all candidates present may be successful in securing an offer.
4. In case an offer is made to a candidate, it is expected that the admission fee is deposited ON THE SPOT, through the admission portal via online payment.
5. It is also expected that the admitted candidates would join the M. Tech program immediately, in order to minimize missing of lecture/lab sessions.
